

Amendments to the claims:

This listing of claims will replace the prior version of amended claims in the application.

Listing of claims:

Claims 1-11 (cancelled).

12. (Currently amended) In a process for the preparation of a A composition for topical administration, comprising 5-methoxypsoralen, the improvement consisting of adjusting the 5-MOP concentration in the composition being adjusted by adding a suitable amount of bergaptene-free natural citrus (bergamot) essence.

13. (Currently amended) The process composition of claim 12, wherein the 5-MOP concentration is adjusted to 1 to 100 ppm.

14. (Currently amended) The process composition of claim 13, wherein the 5-MOP concentration is adjusted to 1 to 60 ppm.

15. (Currently amended) The process composition of claim 12, wherein the 5-MOP concentration is adjusted to 60 to 100 ppm.

16. (Currently amended) The process composition of claim 12, wherein the 5-MOP is introduced using pure natural citrus (bergamot) essence.

17. (Currently amended) The process composition of claim 12, wherein the composition is in a form selected from the group consisting of a cream, an oil, a spray and a milk.

18. (Currently amended) The process composition of claim 12, wherein the composition which also comprises at least one ultraviolet screening agent.

19. (Currently amended) The process ~~composition~~ of claim 18, wherein the screening agent is an inorganic screening agent.

20. (Currently amended) The process ~~composition~~ of claim 19, wherein the screening agent is selected from the group consisting of titanium dioxide and zinc dioxide.

21. (Currently amended) The process ~~composition~~ of claim 18, wherein the screening agent is a chemical screening agent.

22. (Currently amended) The process ~~composition~~ of claim 21, wherein the screening agent is selected from the group consisting of ethylhexyl para-methoxycinnamate and 1,7,7-trimethyl-3-(4-ethylbenzylidene)bicyclo[2.2.1]-hepta-2-one.

23. (Currently amended) The process ~~composition~~ of claim 18, wherein the composition ~~which~~ comprises 1 to 5% by weight of screening agent(s).

24. (Currently amended) The process ~~composition~~ of claim 12, wherein the composition ~~which~~ comprises no chemical screening agent.

25. (Currently amended) The process ~~composition~~ of claim 12, wherein ~~its~~ the screening index of the composition is a maximum of 12, ~~preferably a maximum of 10.~~

26. (New) The process of claim 12, wherein the screening index of the composition is a maximum of 10.
